Translation of gratitude letter

Shalom Zedkyau

At our hostel for holocaust survivors we have 33 residents and like everybody they need regular check-ups and treatments and specially regarding their vision.

Thanks for having send a very qualified optometrist to our hostel.
All the communication between us, your time and especially your presence during the check-up were very much appreciated.

This was the first time our residents received such a service.

Thank you very much for your kindness, your devotion and your timeless dedication with the only goal of giving and helping our survivors.

We all bless you for your help.

Wish you can help as many more survivors and hope to be in contact for further services in the future.
