Our summer newsletter is unfortunately send to you when we are in War. In between alarms, running for shelter, we try to work and continue our daily lives while our heart and prayers are with the IDF soldiers, our sons, husbands, colleagues and relatives serving in the army. Lirot published on her site and on facebook special recommendations for citizens with low vision in those difficult days.

Join us in solidarity and hope for some cease fire when the rockets will stop. As we send this newsletter, we got the news of 12 soldiers who were killed yesterday and so many injured, some of them in their eyes. We wish all quick recovery and send thoughts as to all the families in Israel and the Jewish Found of LA.

We need your help to continue our important work in Blindness prevention. Please send us your contribution as well as information on foundations who could help our projects:

Fundraising activity in Israel and in the US, aimed primarily for the:
Genetic mapping project of inherited retinal diseases
Gathering resources for the 2015 Eye mobile project of elderly in need.
Building website dedicated for RP patients
Promoting 'Photo Screener’s’ eye-surveys for children
